30 January 2015

Welcome back to a new school year and a very warm welcome to our new prep students! Week one is off to a flying start and we have settled into a routine that we will follow until day 8. At present, our enrolments are steady at twenty children and this is a perfect number for our school to begin the year with.

There are a few changes to our timetable which means that library borrowing and oral presentations will now be on Wednesday afternoon and LOTE will be on Wednesday morning and Friday morning. PE stays the same with Mr G on Thursday morning and music with Miss B will be Wednesday afternoon. Mr Francis is visiting our school next Tuesday to discuss instrumental music times, so children in years four to six have the opportunity to learn an instrument if they wish. Also, Kylie Moss will continue guitar/singing/piano lessons on Tuesdays each week so please check with Kylie if you would like your child to participate. Tennis lessons will continue to be on Tuesday mornings at 7.45 am and playgroup will continue to be held on Wednesday mornings, so please see Michelle Martens or Jane Hohl for more details.

Homework will start on Friday in week two and folders will need to be returned on Thursday of the following week so that readers can be changed and homework marked ready to go home again on Friday.

The P&C will be having their first meeting of the year on Tuesday 3rd of February. The meeting will be held underneath the main building block at three o’clock so please come along and join in on the discussions and arrangements for our market meeting. The first market is in March, so there is lots to talk about and arrangements to be made. We would love our new parents to come along so that you can be a part of this wonderful group of families who make this school so special.
